

# BuzzCaps®

The Original Mosquito Blocking Fence Topper

## Product Installation

### Product Overview

BuzzCaps are compatible with most 4" & 5" vinyl posts and can be installed in just minutes.

#### 4" Post Installation

Each BuzzCap comes with a 4" adapter already attached. To install on a 4" post, first remove any existing post cap and set aside. (Note: You may need to use a small flat head screwdriver if PVC glue was used with your existing fence caps. Apply firm but consistent pressure to the fence cap to remove, being careful not to damage the cap or the post). Next, simply slide the 4" adapter onto the post.

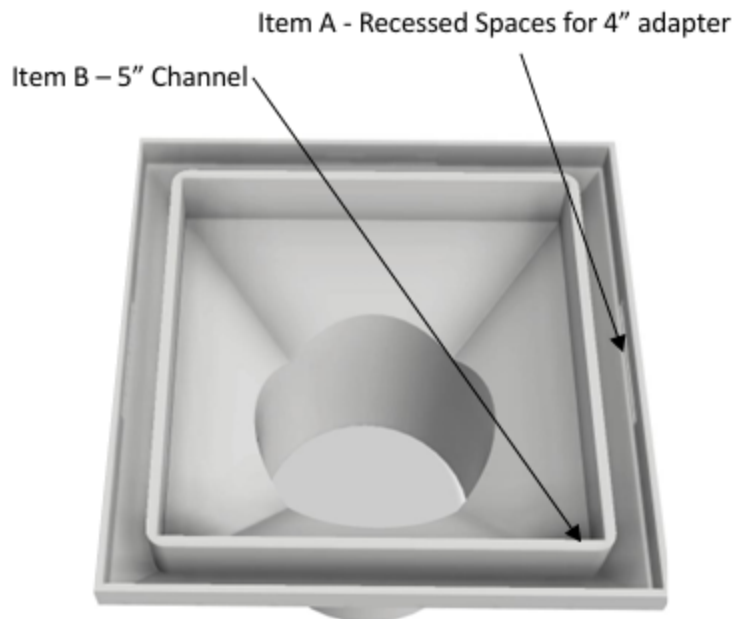

#### 5" Post Installation

To install on a 5" post, first remove any existing post cap and set aside. (Note: You may need to use a small flat head screwdriver if PVC glue was used with your existing fence caps. Apply firm but consistent pressure to the fence cap to remove, being careful not to damage the cap or the post). Next remove the

4" adapter from the BuzzCap and set aside.

Insert the interior 5" channel into the 5" vinyl post by angling it slightly and pressing it firmly into place. Expect some resistance, as this is how the BuzzCap stays in position so securely.

Temperature can impact plastics in a significant way, if you encounter too much resistance inserting the BuzzCap, wait until the temperature differential between the BuzzCap and the post has normalized.

#### Torch Instructions:

Always remove the canister from the BuzzCap prior to filling with oil and ensure no oil has spilled on the BuzzCap or surrounding area before lighting. Do not fill the torch canister beyond  $\frac{3}{4}$  full and keep the wick as short as possible to reduce soot and smoke. **ALWAYS USE CLEAN BURNING OIL. DO NOT LEAVE FIRE UNATTENDED AND KEEP OUT OF REACH OF CHILDREN AND PETS. DO NOT BURN TORCHES IN HIGH WINDS.**

BuzzCaps are not intended for use near walls or other flammable materials. Always check the surrounding area to ensure the torch flame cannot reach or heat flammable materials.

BuzzCaps Legal Disclaimer: The use of a torch or any open flame can pose significant risks, including fire hazards, property damage, and personal injury. By using, applying, or recommending the use of an oil torch, the user acknowledges and accepts the following terms: 1. Assumption of Risk: The user assumes all risks associated with the use of a torch, including but not limited to fire, heat damage, injury, or property destruction. 2. 3. 4. 5. Safety Precautions: The user agrees to follow all safety guidelines and instructions provided by the manufacturer of the torch and any applicable fire safety regulations. It is the user's responsibility to ensure that the surrounding area is free from flammable materials and that proper protective equipment is worn during use. No Warranties: No warranties, express or implied, are made regarding the safety or effectiveness of using a torch. The user accepts full responsibility for ensuring safe and appropriate use. Limitation of Liability: The creator, distributor, or recommender of this product shall not be liable for any damages, injuries, or losses arising from the use or misuse of a torch on a fence, including any indirect, incidental, or consequential damages. This includes but is not limited to liability for fire, personal injury, or property damage. Indemnification: The user agrees to indemnify and hold harmless the creator, distributor, or recommender of the product from any claims, actions, liabilities, or losses arising from or related to the use BuzzCaps.<sup>1</sup>
